**How to decorate your shape:**

**Step 1: Colour in your shape**

You might like to use crayons, paints or even stick some decorations on (eg. glitter, coloured paper, cotton wool).

**Step 2: Cut out your shape**

Ask a grown up to help you cut around your shape.

**Step 3: Give your shape to your early childhood educator**

Ask your early childhood educator to help you stick your decorated shape onto the wall or one of the tree branches.  
Remember to say 'thank you'. 😊
